... HE WHO SOWS
BOUNTIFULLY
WILL ALSO REAP
BOUNTIFULLY.

2 Corinthians 9:6

Editorial policy makes 'marginal' shift to the right as a result of one contributor's input. Can you discover why in the new PEOPLE PROFILES?

If you are a typical American male, you will (1) take a quick look at the front page of the BULLETIN, then (2) turn to the 'Sports Section', then (3) look for your own name in the (a) RATING LIST and (b) MATCH RESULTS. And why not? Chess players are normal, but above average, people. The year's first published picture may have momentarily caught your eye as you flipped through the BULLETIN, scanning other Division Reports, but studying your own. Yes, North & East Division Reports are missing. A word from our new President would also be welcomed.

Don't miss reading Joe's "Computer Revolution is Here" as the answer key to the new programmed print-outs. Find out why so many players were rated 0000 and how that affects their opponents' ratings. Rating Chairman Paul Weston will be glad to field any other questions you may have about the ratings.

Congratulations to all Team Captains for printing all names on the score sheets legibly and correctly. If names are not spelled right and with the same initials every time, our screening computer rejects the 'stranger'.

Some people may think chess nuts are anti-social and impersonal. To help offset prejudice against our 'minority' group, a new feature is started this month called PEOPLE PROFILES. Two distinguished 'fathers' from the Far West Division are profiled in their own words--on short notice. One (P.W.) is the 'father' of the CICL Six Man Team concept, the other (J.B.), the 'father' of our newly born computer program of RATINGS and MATCH RESULTS.

Each month, different Division personalities will be featured to help all of us better understand the heart and soul behind the chilling chess mask of our opponent across the board or across the city.

sounding board

Karel Dohr, W. E. Chargers, agrees with the time change idea presented in the September Bulletin 'Sounding Board', and makes a formal proposal to be voted on at the next league business meeting. In his opinion, it is an excellent and long overdue idea which will be welcomed by most member teams. "We should expand it to include changes in related rules II.I.2. and II.J. This would change rate of play after the first time control and, most important, practically eliminate adjournments, which have been a sore spot in our rules for a long time. CHANGE :

Rule II.I.1. from 45/2 hrs. to 40/1½ hrs.; from 24 to 30 per hr.

Rule II.I.2. from 24 to 30

Rule II.J. from 3½ hrs. to 4 hrs.; from 1st time control
to 2nd time control

Computer Revolution is Here by Joe Brozovich

As you can see in this bulletin, there have been some changes in the rating program. This report will describe the changes in the order in which they appear in the bulletin.

The first thing that was changed was the alphabetical listing of the players. This list now includes all of the people (rated and unrated) whose names have appeared on a CIGL scoresheet this year. As a result of this, you will notice the two new players FORFEIT and FORFIET. I doubt that either of them will ever get a rating. In the last bulletin, the unrated players were not shown but from now on they will be shown with a rating of zero or blanks followed by a question mark. As soon as an unrated person plays five or more rated opponents and does not win or lose all the games, the unrated person will get a rating and from then on his/her rating will be computed exactly the same way as everyone else who has played less than 100 games.

There is no change in the top ten computation or the most improved players for obvious reasons.

This year the rating program provides the round by round results for the bulletin. So if there is an error in the round by round results, it will affect the ratings of the persons involved. Should anyone detect an error in these results, please contact our ratings chairman Mr. Paul Weston. The round by round results this year includes the ratings of the two players before they played and the number of rating points gained or lost on that match. So each player can calculate their own rating after a given match by adding the points gained or subtracting the points lost from the original rating. In the case of a forfeit, the ratings will not be printed for either player and the rating change will be zero. People with ratings of "0000" are unrated and when they play, neither player gains or loses any rating points. In some cases, one will see that one player may have gained more points than the opposing player lost or vice-versa. This occurs when one of the players has over 100 games played and the opposing player has less than 100 games played. In this case the rating changes are obtained from two different tables and they should be different.

If two players from the same team play one another on an extra board, the correct team for the player on the wrong side of the scoresheet will be shown in parentheses next to the player's name.

Finally, the date that the match was played, the round number, and the result of the top six boards played is shown in the round by round results. The date is important because the games are rated by date within a division. Furthermore, complete rounds are rated at one time to eliminate potential errors in rating the matches in the wrong order.

In conclusion, what you see in this bulletin is what you'll be getting for a while so if anyone has any suggestions for improving this system, please notify our ratings chairman.

NAME: Paul E. Weston

TEAM AND/OR LEAGUE POSITION: BTL ROYALS (Far West Division)
Ratings Chairman

FAMILY: Wife- Karen
Son - Noel, 9 yrs. old

HOBBIES & SPECIAL INTERESTS: Chess!
Racquet ball, bowling, woodworking, archery, and camping

CHESS LIFE (beginning & highlights):

I learned chess when I was about 8 years old but never really played until I was in the CICL in 1973. I was a member of a couple of W.E. Kingsmen teams that won trophies. I've also acted as Bulletin Editor for two years. I enjoy playing Postal Chess and OTB in the USCF.

WHAT I LIKE (don't like, or would change) ABOUT CICL AND/OR THE CHESS BULLETIN:

I think the Bulletin is fine, but could use a few stories about interesting happenings at the matches. I would like to see the CICL adopt an organized set of rules. Also, a new division in the South Side of Chicago would be nice.

NAME: Joe Brozovich

TEAM AND/OR LEAGUE POSITION: Far West Division Chairman

JOB DESCRIPTION: Senior Engineer, Western Electric Co.

I mainly do minicomputer system programming for manufacturing and research and development applications at Western Electric.

FAMILY: Wife - MaryAnne
Four kids - Joanne 12, Joe 11, Joyce 11, Amy 2,
Have lived in Woodbridge since 1969.

HOBBIES & SPECIAL INTERESTS: Racquetball, swimming, bowling, and teaching computer science courses at Illinois Benedictin College.

CHESS LIFE (beginning and highlights):

1. Started playing in grammar school.
2. Enjoyed winning in grammar and high schools.
3. Read books on chess to get an edge on my tough opponents.
4. Organized and won Purdue University Calumet Campus Chess Championship, '64.
5. Met Walter Elliott at Hawthorne in 1966-1971, and started playing in CICL for Hawthorne chess team, the W. E. Gambiteers.
6. Transferred to W.E., Lisle, in 1971 and was one of the original members of the chess club there. Joined CICL in 1973. My Lisle team won the division championship in '74-'75. I played first board that year with a record of 10-1-3 in the Class B, Senior Division, 8-man teams.

WHAT I LIKE (don't like, or would change) ABOUT CICL AND/OR THE BULLETIN:

Leave space along margins of the Bulletin so that holes can be punched in the pages without losing information. I would also like to see more annotated or not annotated games in the Bulletin.

It is apparent now that one of our difficult tasks in the league is to select a "M. V. P.," Most Valuable Player, in each of our 4 divisions. At our summer business meeting, Frank Tegel of Teletype, brought out some good points in trying to install a universal league process. However, nothing was official but only postponed to the Spring business meeting. As your Division Chairman, I'm going on record as to what the process will be in our division which naturally, will be superseded by a universal method. If there is no universal method established, Bulletin No. 3 then becomes our official process. Since there was a 3-way tie last season, tie breaking becomes a sore spot again but I shall do the best I can, also, I feel we are getting an early start which helps.

Basic requirement = a minimum of 6 of the 9 seasonal matches must be played. A forfeit win counts for 1 basic point just as a playing win.

Draws count for a basic 1/2 point each. MOST BASIC POINTS WINS THE AWARD. Now the tie-breakers (the hard part!).

I. FIRST TIE-BREAK IS AS FOLLOWS!

(A) PLAYING WINS COUNT AS FOLLOWS.
(Based on Match Score of Team)

(DRAWS COUNT 1/2)

	Tie-Break Pts.	
3 - 3	10	
3 1/2 - 2 1/2	9	If Team Loses:
4 - 2	8	2 1/2 8
4 1/2 - 1 1/2	7	2 7
5 +	6	1 1/2 or less 4

(B) FORFEIT WINS COUNT 2 POINTS LESS
Based on Point Values in Section (A)

(C) A PLAYING LOSS COUNTS 3 POINTS LESS THAN IN SECTION (A)

(D) A FORFEIT LOSS (on Boards 1 thru 5 only!)
(This is where an absent player's clock is running)
Counts 4 points less than values in Section (A)

II. IT IS HIGHLY UNLIKELY THAT A TIE WILL EXIST BUT IF THERE IS STILL A TIE, THE BEST WON/LOSS % WILL BREAK THE TIE.

III. IF THERE IS STILL A TIE, THE HIGHER BOARD WILL BREAK THE TIE
(Board most often played, not average board unless forced)

IV. IF A TIE STILL EXISTS, THE DIVISION CHAIRMAN WILL TRY AND BREAK THE TIE OR AWARD DUPLICATE AWARDS, ETC.

As we go to press, the Western Electric Chargers and the Argonne Knights remain as early season favorites to capture the top two spots in the Division. Both teams are undefeated and the Chargers are 3 - 0 while the Knights are 2 - 0 and they meet head-on in Round 4. Off to a good start are the Bell Tel Lab Players with a 2 - 1 record with a loss to the Chargers.

FAR WEST DIVISION REPORT by J. M. Brozovich

We are right on schedule with four rounds completed by November 9. So far there are only two undefeated teams: the Western Electric Kingsmen (2-0-0) and the Wheaton Crusaders (2-0-1). They will be meeting in round five to see who remains undefeated. The Argonne Rocks persuaded Dwight Kucera to come out of retirement and he led them to their first victory of the year, a 4.5 - 1.5 victory over their sister team the Argonne Pawns. The BTL Royals have come on like gangbusters this year winning three of their first four matches. They lost their only match of the year to the Kingsmen by a score of 3.5 - 2.5 in a match that could have gone either way.

In other news Paul Cripe of Wheaton played a non-counting game with Roy Benedek the night the Crusaders and Rocks played. Since Cripe had already played his game with Jim Jackson the night before, Wheaton asked if the Rocks could bring an opponent for Paul Cripe and they brought Roy Benedek. Rumor has it that Cripe checkmated Benedek in thirteen moves! I'll bet a lot of people would like to see that game.

Finally, there are some telephone number changes that the team captains should be aware of and they are as follows:

Michael Dee, captain of AMOCO can be reached on 420 - 4479
Irwin Gaines, from Fernilabs, has two numbers: 840-4602 and 840-3256
Rick Shaff, acting captain of the Kingsmen, is on 420 - 3769
