The 2-Squares Column  
by Marvin Cox

"If two (or more) squares (or files) are attacked more times than they are defended they may fall."

In the diagram above the square g5 is attacked once by white and the entire g-file can be attacked by the white rook a move later. Thus two potential attacks against g5 and only the black queen as a guard. The black rook does not count as a guard because it occupies the square under attack.

1. Q x R      Q x Q
2. R - g3    K - f6
3. R x g4

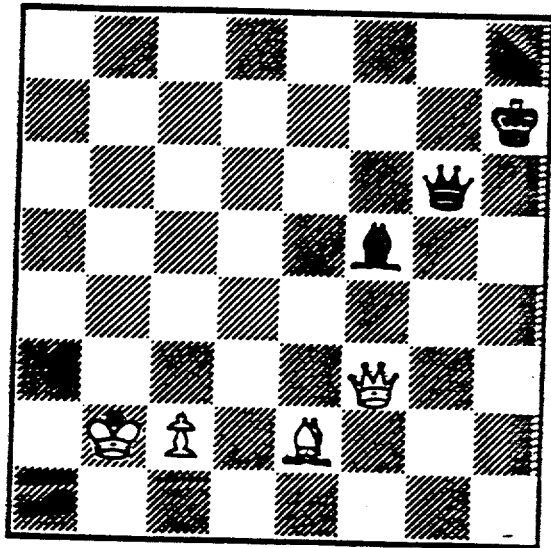

And the white pawn cannot be stopped from queening. Can you? My uncle once sarcastically asked me, "How do you expect to win a game if you don't know the end games?"

Pins can be dangerous. In the analysis the pin by the white rook reduced the mobility of the black queen from 16 squares down to two squares. That is as bad as losing a bishop. The potential pin occurs on the g-file and can be recognized by the presence of three black pieces on that file.

Does this look familiar? It should. It is a modification of the first diagram which was set up along a file while this is the same thing set up on a diagonal. The white queen and bishop are the two attackers of diagonal b1 to h7. The black king is the only defender.

1. Q x B      Q x Q
2. B - d3

And the white pawn cannot be stopped from queening. My uncle told me that winning pieces is only a means to an end. If you can cut the Gordian Knot to result in a simple won ending, do it.

## Ratings Notes

The date for match results to be received by the Ratings Chairman (Charlie Ward) in order to be included in the next issue of the bulletin is February 24.

This month's ratings and standings for the Far West division have been corrected for an inadvertent duplicate rating of the Rooks-Indians match of Nov. 9 that appeared in last month's bulletin. The ratings of the involved players have been corrected as well as the division standings. Corrections were also made to the ratings of a few players on other teams with subsequent rated results against players on the two teams; these adjustments were typically only one or two rating points. No new results were received from the Far West division this month.

Results from two early-season East Division matches have not been received: CONBK at MERC (round 2) and AMCRP at CONBK (round 4). If these matches have been played, please forward the results to the Division Chairman, Tim Kras.

The following teams have incurred two forfeits on upper boards:

Exemplars

Fel-Pro

Consequently, by the CICL rules they have forfeited the right to start a clock in the absence of a player. At the expiration of the 15-minute grace period following the scheduled start of the match, if any players are still not present these teams must shift their players upward in the lineup and take forfeits on the lower boards.

The Exemplars have recorded seven forfeits in five matches. This pace puts them in jeopardy of exceeding the limit of one forfeit per match that would cause their continued participation in the CICL in following seasons to be examined at this summer's business meeting.

The overall performance of the four divisions with regard to forfeits is as follows:

Division	Forfeits	No. Matches
-----	-----	-----
North	18	20
Far West	6	11
East	5	13
Near West	5	19

These numbers do not include an entire forfeited match in the Near West division or two double forfeits on the bottom boards in the recent Fel-Pro vs. Kemper match.
