GRAPH OF ATTENDANCE AT
CICL BUSINESS MEETINGS

AN OPEN LETTER TO CICL MEMBERS

Do you appreciate the CICL?

It was founded in 1957 when a few individuals put forth a lot of effort so that many people could enjoy casual yet competitive chess among peers. It is sustained because various individuals take turns sharing the effort.

Recently, it seems that the same minority carry the load year after year, a few because they truly enjoy it, others because they hate to see decline in something they've invested in and care about so much.

Have you enjoyed the CICL for even one full season?

Is there something you could do to return the favor for others?

For starters, how about coming to one of the semi-annual meetings?

Why?

Because league officers, people just like you and me, get discouraged when no one shows support. It makes them wonder if anyone notices or cares about what they do. It makes them wonder if anyone really cares about how they vote. It makes them wonder why people get upset at their decisions, after having plenty of opportunity to voice their own opinions but not doing so.

For example, some people didn't like the way the playoffs were handled. Well, perhaps the playoff director needed some help... not during the playoffs, but beforehand. And the bulletin editor needs help too. The ratings chairman depends on division chairmen, who depend on team captains to promptly collect match results. When results sheets aren't submitted, ratings fall behind, which in turn fouls up the bulletin editor.

The banquet has a great deal of potential, for more than just handing out awards and playing speed chess. But it needs some willing planners.

And how about a simul? a tornado? a mid-season speed tournament? a telephone match? an all-star match? Each of these needs at least someone to plan, organize, and advertise. But even one of these adds life to what may otherwise be an ordinary season. And to take on just one responsibility is something that most people can handle.

Come with someone to the next meeting. Express your point of view. Volunteer to help out, which, by the way, is one of the best ways to see that your own ideas are implemented!

See you in August! Let's make the 1990-91 CICL season the best!

Respectfully,

Wes Underwood

The Forfeit Story

As of the end of the end of the CIGL regular season, only the Exemplars, of the North Division, had incurred sufficient forfeits to require that their continued participation in the league be reviewed at the annual league business meeting, in accordance with the CIGL constitution. The Exemplars incurred 15 forfeits, an average of 1.67 per match.

Following is the performance of each of the divisions with respect to the total number of forfeited games in regular season matches:

Near West	8
Far West	12
East	14
North	36

It is also important for us to recognize outstanding performance of teams and team captains in avoiding forfeits. The following teams did not have a single forfeited game during the regular season (double forfeits and/or entire forfeited matches, if any, are not counted):

Argonne Knights	Rockwell International
Bell Labs Indians	Wheaton College
UOP	Motorola
Alumni East	Chicago Research & Trading
Alumni Second Stringers	Continental Bank

In addition, five other teams had only a single forfeit. Members of these teams, and their team captains, should be congratulated for their commitment to maintaining a high-quality environment for all the CIGL members. Thanks, guys!

PROPOSED CIOCL RULE CHANGES

Proposal #4 (Tony Jasaitis & Russ Rzaszutko):

Section II.H.3 and II.H.4 read:

"In case of team ties in the final standings involving trophies, all such tied teams will compete in play-off matches, the method of play-off to be decided by the division chairman.

In the case of sectional competition, the division chairman will determine and publish (early in the season) the play-off method of determining trophy-winning teams."

Discussion:

In practice, scheduling playoff matches between the few weeks of season-end and the league championships has been a problem, with teams wanting to use their very best lineups, and some members starting to take vacations, etc. In the East Division this year, a three-way tie was possible, with a round robin of playoffs necessary to break the tie. The simplest way to deal with ties (and a lot more conducive to good relations between team captains!) is a tie-break system.

Suggested new wording:

"Ties in the final standings for trophies (including 1st/2nd) and for league championship playoff eligibility, will be determined by the following tie-break methods, applied in the order listed:

- a) Game points, including forfeits.
- b) "Head-to-head" match score between the two teams during the regular season.
- c) "Head-to-head" game score between the two teams during the regular season, including forfeits.
- d) Sum of the match points of the opponents that the team beat, plus half of the match points of the opponents that the team tied. If the two teams played more than once in the season, "beat" and "tied" refer to the net result of the matches.
- e) Formula "d)", substituting "game points (including forfeits)" for "match points."

In the extremely remote case that any teams are still tied after all these tie-break methods, a playoff match will be played between the two teams."

PROPOSED CICL RULE CHANGES

Proposal #5 (Tony Jasaitis & Russ Rzeszutko):

Discussion:

No written rule exists regarding eligibility for playoff matches. In practice, the unwritten rule seems to have been that a player needs to have played at least one regular season game to be eligible for playoffs. We would like to see this rule in writing to avoid disputes in the future.

Proposed wording:

Replace Section II.H.4. (Playoffs) with:

"To be eligible in any form of playoff match (league championship or tie-breaking), a player must have played in at least one regular season game. Forfeit wins are acceptable, forfeit losses are not. Games as an "extra board" are not acceptable."

I request that the following proposal be considered by the attendees of the next CILC business meeting.

PROPOSAL: A third place trophy should be awarded in the league championship playoffs.

Discussion:

This season, as has often happened in past seasons, there was a tie for second and third place in the league championship playoffs. Motorola and the Argonne KNIGHTS finished with identical 2-1 records. The "sum of the scores by rounds" method of breaking ties was used, giving the second place trophy to the Argonne KNIGHTS. The rationale, of course, is that the KNIGHTS had a tougher second-round opponent because they won their first-round match. Now, while it is my opinion that the KNIGHTS did indeed deserve to be recognized as the second place team, this system reinforces that trend that a team that loses in the first round of the playoffs is basically "out of it". If this is the case, then perhaps only the first round winners should advance to the remaining rounds. Currently, there is no real incentive for a first round loser to continue through the playoffs, even though the league mandates it. However, Motorola, losers in the first round, would have qualified for a third place trophy. It is also my opinion that a team that finishes the playoffs with a plus score should be recognized as one of the premier teams in the league for that season.

Martin J. Franek

CICL PLAYOFFS - MAY 19, 1990 - ROUND 3, BOARD 3
 N. Rogers (Post Office, 1877#) - A. Jasaitis (CRT, 1942)

In this game Black sacrifices three pawns for rapid development and a bind before capturing anything of White's. Winner's notes.

1. c4 e5 2. Nc3 Nf6 3. g3 d5 4. b3? d4 5. Nb1? d3!

A positional sacrifice that requires no calculation of variations. The move chokes White's development, exposes threats against White's QR and K, and creates a bind on the dark squares. White is reduced to choosing between trying to keep a pawn thru awkward development, or declining/returning it with a poor position anyway. He chooses the former.

6. e:d Nc6 7. Bb2 Bc5 8. h3 Bf5 9. Qf3 Qd7 10. Na3

A slower death is 10. g4 Bg6 11. g5 Nh5 (or P-e4!?) 12. Qd5 Q:d5 13. c:d5 Bd4! Now Black offers a few more pawns, further increasing the development gap. Since White has no clearly attractive alternative, he accepts.

10. ... Nb4! 11. Q:b7 0-0 12. B:e5 Rfe8(?)

Sufficient to win, but 12. ... Rae8 was more accurate. If 13. f4, Qd4! If then 14. Kd1, R:e5! crushes.

13. f4 N:d3+

Black originally intended 13. ... Qd4, but now notices that 14. Kd1! gives White a fighting chance. With time control at a faster 45/90, and other winning moves present, Black decides not to try calculate out 14. ... R:e5! which still would have won.

14. B:d3 Q:d3

Threatening ... Ne4/Be4, among other things.

15. Qf3 B:a3 16. Q:d3 B:d3

Now Black sets his sights on trapping the QR with his Bishops.

17. Kd1 Ne4 18. Rh2 f6 19. Bc3 Rad8 20. Rg2 N:c3+

20 ... Bf1 21. Rh2 N:c3+ 22. Kc2 isn't as forcing.

21. d:c6 Be4+

Even better is 21 ... Bf5+!, as will become apparent on move 26, but I didn't look for a greedier win when I saw the text would leave me a rook up.
